Publisher's Announcement

IN presenting this, the First Annual Edition of an accurate and complete Business Directory of Buffalo, we wish to call attention to its several important departments.

First—A Street Directory, giving names and locations of all streets of the city; the names of intersecting streets and the numbers at which they cross; the names of all business interests arranged by numbers, and the embodiment of Pilkey's Street Car Guide.

Second—An Alphabetical Arrangement, giving first names in full of individuals and co-partners; date of incorporation, capital stock and officers of corporation; also patrons of the Telephone System.

Third—A classified Arrangement by business and occupation.

Each succeeding publication will contain additional valuable information and we trust the work will be considered a standard of authority by the users of directories.

Buffalo, N.Y.

Gentlemen:

We have carefully gone over the inventory and drawings of our plant which you made for us- and we are well satisfied with same.

We have checked over the values and find them correct; and the plans show all details of our factory in first class shape.

We do not beleive that we could have taken an inventory of our plant any better ourselves- and probaly not as thoroughly as you have done; and furthermore- we beleive it would have cost us more money than your charge for doing the work.

Any time that you may wish to refer to us you are at liberty to do so.

Yours very truly,
Jas. B. Baynes, Pres't.

A FALLACY

That everyone is looking for something cheap is a fallacy. Our customers demand the best, and we sell it to them at a fair price. They're satisfied; we're satisfied; are you? Give us a trial. 'Phone, Seneca 1607

A FALLACY

That everyone is looking for something cheap is a fallacy. Our customers demand the best, and we sell it to them at a fair price. They're satisfied; we're satisfied; are you? Give us a trial. 'Phone, Seneca 1607

A FALLACY

That everyone is looking for something cheap is a fallacy. Our customers demand the best, and we sell it to them at a fair price. They're satisfied; we're satisfied; are you? Give us a trial. 'Phone, Seneca 1607

Business and Shorthand School.

501-503-505 Mooney-Brisbane Building.

DAY SCHOOL. **NIGHT SCHOOL.**

These are the School's Specialties:

Business Department.

BOOKKEEPING (single and double entry), Commercial Arithmetic, Rapid Calculation, Practical Grammar, Business Penmanship, Commercial Law, Rhetoric, Business Forms and Customs, Business Correspondence, Commercial Geography, Spelling, Actual Business Practice. How to open and close a set of books.

Shorthand and Typewriting Department.

SHORTHAND, Most Rapid System Taught. Touch Typewriting, Dictation, Correspondence, Spelling, Rhetoric, Capitalization, Penmanship, Law, Verbatim and Court Reporting.

Stenographers and Clerks prepared, day and night, for Civil Service, Stenographic and Clerical positions, both National and State, by Civil Service Expert and Stenographic Reporter. Speed Classes for experienced and inexperienced Stenographers who want to become expert and command better salaries. Court reporting also taught.

Preparatory Department.

Reading, Writing, Arithmetic, Spelling, Rapid Calculation, History, Geography, Grammar, and Business Correspondence.

Discipline.

The Discipline is firm. The School orderly. Absences are reported to parents or guardians. Students must pursue studies systematically and diligently. We perform more than we promise.

All lessons assigned must be learned before proceeding farther.

All work done by students is carefully examined by the instructors, and returned for correct on. No work is finally accepted until it is accurately done.

Certificates of Graduation.

No charge is made for the issuing of certificates to graduates; hence there is no temptation to grant certificates to incompetent persons in order to obtain the price.

A certificate means something to our graduates, and they are not shut out from their just rights when they have earned one, by inability to bear the expense of purchasing it.

Business Correspondence.

We teach Business Letter Writing thoroughly and carefully, beginning with the simplest preliminaries and extending the work through the most advanced gradations. Special attention is given to the instruction of those who already hold positions and are striving for advancement. Such persons can receive the desired work by attending our EVENING SESSIONS.

Teutonia Eye Salve.

This Salve heals soreness of the eyes and wounds of every nature. It has in a very short time saved many an eye that had been given up by physicians; it also removes skin that may have formed over the pupil of the eye, providing the pupil itself is not affected; it furthermore heals blisters or pimples on the eye, red eyes, and running or blear eyes. A recent case of a piece of steel in a man's eye was abandoned by the doctors, who decided to remove the eye but the Teutonia Salve saved the eye. The Teutonia Salve is only prepared and sold in America by

Berkshire Life Insurance Company,

PITTSFIELD, MASS.

Incorporated under the laws of Massachusetts; laws so severe and so strict in all that pertains to solvency, that NO MASSACHUSETTS LIFE COMPANY HAS EVER FAILED.

Issues all kinds of desirable policies, with Cash and Paid-up Values inserted therein; making the policies valuable for the insured in time of need; they being available in current funds.

Our book show that where dividends were left with the Company, Twenty Payments Life Policies are this year (1902) becoming Paid-up for their face values, at the end of the 15th Payment.

Having been connected with the BERKSHIRE for over 29 years, I am enabled to give full information regarding the Company and will gladly do so at any time.

IT REACHES THE HOMES.

Business Men

appreciate the value of the DEMOKRAT as an advertising medium. It brings results to the

ADVERTISER.

THE BUFFALO DEMOKRAT

IS

Pre-eminently THE LEADER as a German ADVERTISING MEDIUM in WESTERN NEW YORK.

A Great Family Newspaper.

DAILY, SUNDAY AND WEEKLY.

A Splendid Advertising Medium.

It Reaches the Homes of the People.

FRANK C. B. HELD, Publisher.

The Demokrat

has more circulation than all other German dailies of Buffalo combined. It is delivered by their own carriers, and reaches the

HOMES.

A SUGGESTION.

Send for rates and sample copies, and compare the DEMOKRAT with others before concluding your arrangements for advertising.

IT WILL PAY.

The Demokrat

has scores of advertising patrons who have used its columns for years, and now advertise through it more than ever.

They Find It Pays.

Manufacturers of

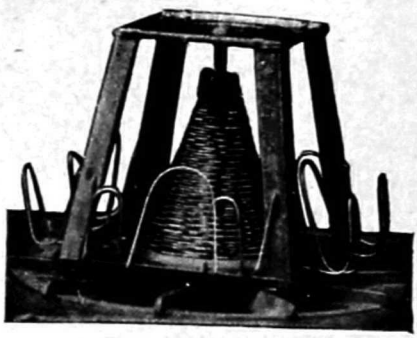
JIM'S WIRE CONE TOASTER

Toasts Bread on a Gas or Gasoline Stove.



The wire cone is heated red-hot in one minute. The bread is then placed around in the wire holders. Four slices can be toasted beautifully in two minutes.

This toaster is a tried and successful article designed for toasting bread on a gas or gasoline stove. The wire cone shown in the center of the illustration becomes red hot when placed over the flame. You then have the live coal to place your bread around. Four slices can be toasted quickly and beautifully without smoke or smell.

GINSENG

GINSENG is a root used by the Orientals as a medicine. It is UNIVERSALLY used among the 400,000,000 inhabitants of the Chinese Empire, where it commands fabulous prices.

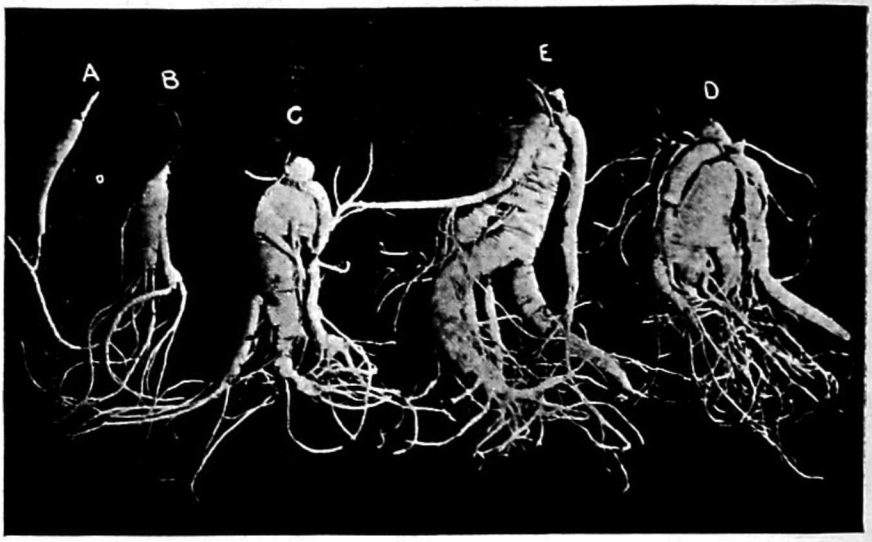
It is to the Chinese what quinine is to the Anglo-Saxon. This Company was incorporated to grow Ginseng on an immense scale for the Chinese trade, the native supply having about given out.

The GINSENG FARMS of this Company are at Rose Hill, Onondaga Co., N. Y., and are in the care of Mr. F. B. Mills, of Rose Hill, an experienced Ginseng grower, agriculturist and horticulturist of national reputation.

New York State grown Ginseng brings a higher price than Ginseng grown in any other locality in the United States.

The OFFICERS AND DIRECTORS of this Company are some of the most prominent men of Buffalo, N. Y.

The CAPITAL STOCK of the Company is $2,000,000, divided into shares of the par value of $1.00 each.



To increase our Ginseng farms and build up one of the most profitable industries in this country, we offer our stock FOR A LIMITED TIME at 50 cents per share. Past experiences prove that we can make a net profit for the company of $1,000,000 per year, by producing only 20 acres of matured Ginseng per year.

What grows in the ground is a crop, not a speculative venture. Ginseng is regularly quoted in the great money markets of the world.

The demand greatly exceeds the supply, and the profits are enormous.

$100 INVESTED IN GINSENG will, properly fostered, earn the investor $50,000 in TEN YEARS; which reads like nonsense. If this is true, we have GOLD MINING KNOCKED OUT. We will prove it.

Our stock is positively the safest and most profitable investment on the market.

Call at the office of the Company for full particulars or we will mail you our literature on application.

A FALLACY

That everyone is looking for something cheap is a fallacy. Our customers demand the best, and we sell it to them at a fair price. They're satisfied; we're satisfied; are you? Give us a trial. 'Phone, Seneca 1607

LAKE ERIE BOILER COMPOUND CO.,

BUFFALO, N. Y.

Certificate
CHEMICALLY PURE NON ACID & UNADULTERATED
RED STAR BOILER PURGER
Warranty
TWENTY-FIVE YEARS OF UNPARALLELED SUCCESS.
We Hereby Guarantee every package of RED STAR BOILER COMPOUND
bearing our signature and the words "Red Star is King of all Boiler Purgers," will, when used according to our directions, positively remove the most stubborn formation of scale or grease in any steam boiler, and prevent the formation of new scale in same as well as arrest CORROSION and PITTING.
AND WE FURTHER GUARANTEE that it is free from ACIDS, strong ALKALIS or other adulterations. It will not injure the IRON, BRASSES, JOINTS or PACKING of any plant in which it is used, nor FOAM the boiler. It is odorless, tasteless and free from discoloration and so pure that live steam may be used direct from the boiler for BREWERY and DISTILLERY purposes, ICE manufacturing, LARD rendering, BUTTER and CHEESE making, MINERAL WATER manufacturing, or for cooking any article of food—without injury to the product.

THIS Institution, incorporated in 1863, as a day and boarding school for young ladies, offers every facility to those in quest of a school in which education is conducted on the HOME SYSTEM, habits of industry encouraged, and purity of morals and refinement of manners are inculcated.

The course of study includes three departments: Primary, Intermediate and academic, classified as follows:

FIRSTLY—The Kindergarten forms an interesting feature for children preparatory to the primary department.

SECONDLY—The Academic Department comprises a course of four years; on the satisfactory completion of which pupils receive the diploma entitling them to the honor and privileges of graduates.

THIRDLY—Great attention is given to the Pupils in the Art Department. Lessons are given in all branches of Drawing, Painting in Oil and Water Colors, China Painting, Etc.

Vocal and Instrumental Music receive special attention.

BUFFALO SANITARY STERILIZER

For barbers' use for sterilizing razors, towels, cups, etc , by steam and hot air (C), thereby preventing the spread of contagious diseases by killing the germs. This sterilizer is made up in two compartments. The compartment with perforated tray (A) which fits tube in compartment is for hot steam towels, the other compartment for hot dry towels (B), or we will furnish them for either all hot towels or all steam towels as desired. On each side of the sterilizer is a chamber (C) with four slots, in which eight razors, four in each slot, can be sterilized in less than one minute These chambers can be made as large as wanted, so that as many razors as required can be sterilized at the same time. Beneath these compartments is a hot water reservoir (D), fitted up with a gauge showing the amount of hot water therein. Do not fill the reservoir above the little bead shown at the back of the water gauge, as the space above that is required for steam. The water in the water compartment is perfectly pure, no drippings whatever get into this from the upper compartments; therefore, there are no germs in this water and it can be used for lather or for any purpose. For heating this sterilizer, illuminating or natural gas, gasoline or an electric heater can be used. We also manufacture these any size required, suitable for physicians' instruments or any kind of fine surgical tools. (Made of copper, heavily nickle plated and finely finished.

TO WHOM IT MAY CONCERN: February 7, 1902.

This certifies that I have examined a sterilizer made by the Buffalo Sanitary Sterilizer Company, and find it to answer the requirements of such an apparatus admirably.

The sterilizer for hot and wet material answers every purpose, and the compartment for sterilizing razors is subject to a heat of 200° F., which, to my mind, is sufficient for the purpose for which intended. Very truly yours,

WALTER D. GREENE, M. D., Health Commissioner, Buffalo, N. Y.

Quality

It is just as important to know what you are going to get as what you are going to pay for it. We have but one grade of work, and we never cheapen the quality to meet a competitor's price

PROSPECT PARK MATERNITY HOSPITAL,

(PRIVATE.)

252 Connecticut St., BUFFALO, N. Y.

Established 1900 A. D. DR. W. W. TURVER, Owner and Superintendent.

This home is situated in the best part of Buffalo and is furnished with everything necessary to the happiness and welfare of the patients. Everything is conducted under the most rigid antiseptic conditions, so that a prolonged recovery or fever is unknown. The matron is a woman of strong Christian character and is untiring in her devotion to her work. The nurses are kind, refined and attentive. I am at the Hospital or within easy call most of the time so that everything is under my personal observation. Those needing private confinements may stay eight or ten weeks or longer in perfect comfort and seclusion. The feeding and care of the children are so perfect that we never have a sick baby. The atmosphere of the home is pleasant and agreeable because it is not established for the common classes. All patients look forward with confidence after hearing the experiences of convalescents. As exercise is the keynote of the success of these cases, all are expected to take evening walks and perform light household duties. The Hospital is completely detached so that every room is light, airy and healthful. The rules of the Hospital are simply those of a well conducted private family. This institution represents an investment of twelve thousand dollars in the interest of these cases.

Call or adress all communications to

Dr. Turver's Down-town Office,

No. 58 West Genesee Street, Buffalo, N. Y.

This office is half-way between Main and Niagara streets, on the south side of West Genesee Street, next to Star Theatre.

Office hours:—9.30 a. m. to 5.30 p. m., 7.00 to 8.00 p. m.

Dr. Turver is a graduate of Victoria Medical College, Canada, 1869; Bellevue Medical College, New York, N. Y., 1879.
